

## **Micro Focus Fortify Security Assistant for Visual Studio 2022 v22.1.0**

### Release Notes

Document Release Date: July 29, 2022

Software Release Date: July 29, 2022

Security Assistant for Visual Studio 2022 provides real time, as you type code, security analysis and results. Security issues detected as you write code are displayed in the default Error List window under warnings. All security issues contain details and recommendations that enable developers to quickly address security vulnerabilities. In addition to real time analysis, a full solution-wide analysis is available.

This is the initial release of Fortify Security Assistant for use with Visual Studio 2022.

*Available in the Visual Studio Marketplace.*
